Non-Resident

A minimum rate for companies with no employees and/or operations in Georgia.

Start-up/Incubator

A company with three or less employees which is less than two years old or an incubated company. This member rate is only valid for the first year of membership. After year one, the rate falls under the standard member structure.

Core

Organizations that conduct research, develop, manufacture, or sell bioscience or medical technology products.

Supporting

Organizations that sell to and/or provides services to or otherwise has an interest in the life sciences industry.

Students

If your school is a member, you join under that membership. Just email admin@gabio.org to sign up.
